Vinyl and LVT Care

Our vinyl and LVT

Our vinyl and LVT flooring is designed to deliver lasting performance with minimal maintenance. With the right care, it will retain its appearance and durability for years to come.

Simple Steps for Lasting Performance

Use entrance mats

Place mats at front and back doors to reduce the amount of dirt brought into the home and help protect high-traffic areas.

Protect high-traffic areas

Use mats or rugs in entrances and busy areas to reduce wear and extend the life of your flooring.

Sweep or dry mop regularly

Remove dust, dirt and debris frequently to maintain a clean, well-presented surface.

Use non-abrasive cleaners

Clean using a neutral pH floor cleaner or warm water to maintain the finish and appearance of your floor.

Lift, don't drag

Always lift furniture when moving it. Dragging can cause unnecessary damage to the flooring.

TOP TIPS

Act quickly

Wipe up spills immediately to minimise the risk of staining or damage.

Use entrance mats

Mats can reduce the amount of dirt entering the home by up to 70%.

Lift, don't drag

Always lift furniture to prevent scratches and surface damage.

Sweep or dry mop regularly

Routine cleaning helps maintain the appearance and longevity of your flooring.

Avoid rubber-backed mats

Rubber or latex-backed mats can cause discolouration over time.

Avoid abrasive materials

Do not use scourers or abrasive scrubbers, as these can damage the surface.
